SUMMARY

Highly motivated individual with the ability to organize, prioritize and work under pressure. Resourceful and self-confident; can get the job done in a timely manner and do it well. Equally effective working independently or in a team and is quick to take charge and initiative whenever the situation calls for it.

WORK EXPERIENCE

Warehouse / Quality Technician

Flow Management Devices (FMD) | June 2021 — Current

FMD is an industrial equipment supplier in the Energy Industry that creates Provers. These are essential to make accurate measurements for oil and gas companies.

- During week 2, I was cross trained in the Quality department. This involves reading engineering schematics, certifications, and taking accurate measurements of incoming parts.
- During month 2, I was cross trained in the Shipping/Receiving department and was forklift certified.

Business Analyst

Act! LLC (Formerly Swiftpage) | January 2020 — May 2021

Took over commissions from Finance. Created and maintained Dashboards, reports and data pulls through different databases.

- During month 1, I re-created the logic and used VBA to create an excel sheet that automated calculations needed for commissions. It was a 3-week process that was reduced to about 6 hours in total
- I created and maintained multiple dashboards and reports within Zuora, Salesforce and SQL
- I was also in charge of using google sheets to clean up data in our SQL database. Mostly correcting for human error for inputs.

Data Entry Representative

Act! LLC (Formerly Swiftpage) | May 2019 — January 2020

Processed orders and updated customer information within Zuora and Infor. Created Credit Memos through NetSuite and started learning SQL to create data pulls and reports.

- Within the 2nd month I took initiative to start learning SQL to create reports that had no manual manipulation or room for human error.
- With my new skills in VBA & Excel I started to help the finance team with simplifying tedious tasks and making them more efficient.
- Within the 5th month I started shadowing the Sr. Business Analyst and working with the Global Controller to learn as much as I could.

To whom it may concern,

It is rare to work with a business analyst as driven as Tyler. I met Tyler when he joined Act! In early 2019 and I've had the pleasure of working with him for about two years. He joined the company with effort to relieve certain BI reporting tasks, so I could adjust my focus on other areas.

From day one, the knowledge transfer was as efficient as you could ask for. We utilize a variety of different business systems to create our reports, yet he was able to grasp what we needed quickly. Not only was he able to do it, but he also improved on a few of our processes with his coding. Tyler's biggest strength is his adaptability I feel.

When our company went through a re-organization, he was tasked to take over commissions from our finance team. Commissions normally took two weeks to complete, yet he took initiative to simplify the logic and code it rather than the manual work it took before. This resulted in a quicker and more efficient turn around.

I have been consistently impressed with Tyler's work ethic. I would highly recommend any position Tyler wishes to pursue.

Best,

To whom it may concern:

It is my pleasure to recommend Tyler Bradley, his performance at Best Buy working in the inventory and merchandising departments has been excellent.

I have known and worked with Tyler for the last 2 years in my capacity as an assistant store manager at Best Buy Tempe. Tyler has stood apart from others by demonstrating excellent work habits. He has been a very generous team player, always willing to pick up extra shifts and cover for other employees. He has received numerous customer compliments regarding his service and friendliness.

Tyler has exhibited excellent work habits, from excellent attendance and professional appearance to effective communication skills. He has accepted training and feedback in a positive and professional manner. Tyler has excelled in his areas of responsibility and has shown drive to expand and learn additional areas of responsibility within the store.

If Tyler's performance at Best Buy is a good indication of how he will do in all of his endeavors then he would be an extremely positive asset to any team environment.

If I can be of any assistance in the future, please do not hesitate to contact me.

Sincerely,

Rick Peterson
